Summary

Enthusiastic and results-oriented Software Developer - Frontend focused with a specialized focus on React.js and Next.js, bringing over 2 years of hands-on experience in crafting dynamic and responsive user interfaces. Throughout my career, I've been immersed in the complete project lifecycle, from ideation and design to robust implementation and seamless integration.

My expertise lies in leveraging the power of React.js and Next.js to build scalable and high-performance applications

Skill Highlights

- **Frontend:** React.js/ts, Next.js, Tailwind CSS, Redux Toolkit.
- **Backend:** Node.js, Express.js, Nest.js
- **Mobile Development:** React Native
- **Database:** PostgreSQL, MongoDB
- **Authentication & Security:** JWT, AWS Cognito, AWS Amplify
